

BUBBE AWARDS

After 3 years of immense success of the Bubbe Awards, we are pleased to announce its 4th. edition. The Bubbe Awards is an exhibition that aims to encourage the creation of new Jewish Music through the presentation of songs and videos, rewarding the finalists. The competition is open to all artists in the world. Prizes will be awarded by the official jury and the public, and there will be additional prizes for the best Latin American contribution, according to the regulations below.

Like every successful project, we understand that the Bubbe Awards must be permanently updated, aiming to contribute both to artists and the general public. So, starting this year, we decided, on one hand, to expand the universe of Jewish songs, replacing the Best Original Yiddish Song and Best Partially Original Yiddish Song categories with a Best Original Jewish Song category to include all genres of Jewish songs, both those with origins in the Orient, in Hasidut, in Israeli song, etc., and on the other hand, keeping Jewish music with Western roots, notably Yiddish song. And we will also maintain the video category, where there is no need for originality, allowing all musical expressions to be present annually.

REGULATIONS:

1. The contest will have three categories, defined as follows:

a) **Best Original Jewish Song** – the song must have been produced within the Jewish year of 5783, that is, from September 2022 to August 2023. Both the lyrics and the music must be original. Partnerships between lyricists and music composers will be admitted. The prize will be awarded according to the originality and creativity of the music and lyrics of the song.
